NEW RELEASE

12 MONTH WARRANTY

DSD 5000 Satellite Receiver

Best in Class

The UEC DSD4921RV was the most trusted VAST™ Twin Tuner Satellite Receiver in Australia. Meet the new DSD5000 by UEC, with the same compact chassis and a complete hardware rebuild inside, ready for the future and here now. Backed by UEC and our distribution network you can be assured of best-in-class support, always.

Now with new additional features you'll love, the best did get better. We integrated a 7 segment display for those who navigate the channels by number. The DSD5000 is just as happy in the home or on the road using a 12V power adaptor or a direct to 12V DC socket in your caravan or mobile home.
